Hello colleagues.

I am sure all of you are as busy as we are these days. Sorry to add to your busy Sunday but TC and myself were wondering if we could have a quick discussion in a small group (Federal and the three provinces that are the most impacted by blockades) on the work we are advancing to ensure a clear escalation protocol is in place to remove trucks blocking roads and bridges.

We would take 30min of your time to present you with the strategy before we move it up the chain for approvals. We are hoping to hear from you your thoughts, the real impact to operationalize it and if we missed anything.

Kevin, Aaron and I would make ourselves available anytime as of 3pm today.

Please let me know if this time is suitable for you.

Many thanks.
